RE: Transition to CWD for Household Hazardous Waste Disposal

Dear Colleyville Citizen:

You are receiving this letter because you have utilized the Fort Worth Environmental Collection Center (FWECC) in the last year to drop off your household hazardous waste (HHW) for safe disposal. The City of Colleyville has contracted with the FWECC for many years and enjoyed a great partnership. Unfortunately, the City was notified that rates charged by the FWECC to the City for this service will nearly double on October 1, 2023.

Fortunately, Colleyville already has an existing program with Community Waste Disposal (CWD) for door-side recycling of HHW and electronics. All items accepted by the FWECC are also accepted by CWD. **Beginning October 1, 2023, all HHW disposal will transition to the CWD door-side program only and the contract with the FWECC will terminate.** HHW may be dropped off at the FWECC through September 30<sup>th</sup>.

With any transition, we would like to help the process go as smoothly as possible. To that end, information on how to schedule door-side collection with CWD is enclosed. Still have questions? Give us a call at 817-503-1111.

Kind regards,

*Adrienne Lothery*

Adrienne Lothery  
Assistant City Manager

**CWD's Door-side Collection**  
for Household Hazardous Waste and Used Electronics

- 1** Call CWD to request a packet and schedule a pickup.
- 2** Gather your HHW and used electronics, carefully package them according to the directions, and leave them on your doorstep.
- 3** Watch as your items are carefully collected and transported to CWD for safe disposal.
