Colleyville Councilmember Bond Arrested & Charged With DUI

Colleyville, TX – On the morning of May 23, 2024 City Councilmember George Bond was arrested by Colleyville Police Department under the suspicion of driving while under the influence.

Mayor Lindamood issued the following statement:

“I am saddened by the events surrounding the arrest of City Council member George Bond. I am thankful that this action did not result in harm to himself or others. It is my sincere hope that George is able to secure the help necessary to live a happy and healthy life. However, in my opinion, this event has called into question George’s ability to serve as an elected official for our great city. It is with a heavy heart that I have asked for, and received, George’s resignation from the Colleyville City Council.”

The City Council will discuss this matter at our June 4, 2024 meeting.
