TOLLTAG ID NUMBER (OFFICE USE ONLY)

I hereby apply for a license to use the TollTag transponder(s) which, subject to all applicable rules of the North Texas Tollway Authority and other applicable entities, will allow me to gain passage via designated toll lanes on NTTA facilities and to gain access or use of other authorized facilities. I agree that I have read, understand and will be bound by the terms of the TollTag License Agreement attached to this application. If I have checked one of the credit or debit card options on this application and listed the account number, I hereby authorize you to charge periodically the credit card indicated for the amounts necessary to satisfy my obligations under this agreement.

TollTag License Agreement

License. Subject to the terms of this agreement, the North Texas Tollway Authority (called the "NTTA" or "we" or "us" in this agreement) licenses to you the TollTag automatic payment tag ("tag") issued in connection with this application, for your use on the Dallas North Tollway System (the "Tollway") and as otherwise agreed by the NTTA. Use of your tag means that you agree to comply with all terms of this agreement. **Use of Tag.** You may use your tag only in the vehicle specifically assigned to that tag and you must display your tag according to the NTTA's instructions. The license plate number of a vehicle(s) listed on your account can not be registered on another NTTA tag account. You may use your tag only in toll lanes open for tag use. If a lane is equipped with a traffic signal, you may not pass through a toll lane until the toll signal turns green or yellow. If the signal does not turn green or yellow, you must pay the applicable toll in cash before you pass through the toll lane. A yellow light, however, is an indication that your tag account balance is low and should be replenished. If you fail to do so or if you pass through on a red light, you may be fined and/or forfeit your tag. You must obey all posted speed limits in and on approaches to toll lanes, and all other state traffic laws and rules for the use of NTTA roads. You may use your tag for automatic payment on any authorized facility of another public or private entity. You are responsible for verifying whether the facility accepts the NTTA tag for payment. (See "Interoperability" below.) **Your Account.** Your account is a prepaid account which means you must maintain sufficient funds in your account with the NTTA to cover tolls and charges for the use of your tag. You must pay a minimum amount of \$40 when you submit your tag application. (See "Multiple Tags" below.) Each time your tag passes through an operating TollTag lane, we will deduct the applicable toll from your account. It is your responsibility to maintain a balance in your account sufficient to cover your toll transactions and other authorized transactions. You may maintain your account by credit or debit card (a "credit card user") or cash (a "cash user"). When passing through a toll lane equipped with a traffic signal, a yellow light on the traffic signal indicates that your account is at or below \$10. A red light indicates that your account balance is \$0. The NTTA must receive payment at one of our TollTag locations before your account reaches \$0 to avoid the incurrence of toll violations. **Credit Card Users.** When your account reaches \$10 or less, we will charge \$40 to your credit or debit card to increase your account automatically. The credit card user is solely responsible for ensuring that the credit/debit card is valid and accepting charges and can be automatically/electronically re-billed in the amounts required herein. **Cash Users.** In addition to making a \$40 minimum payment when your account reaches \$10 or less, cash users must pay a deposit of \$25 per tag. The cash user deposit will be refunded without interest if you return to our TollTag Store or Customer Service Center (by mail or in person) all tags in good condition, or if you convert your cash account to a credit card account. You must inform the NTTA of any changes to the information entered on your tag application, including changes of address, authorized users, vehicle and credit card information, if any. Failure to do so may result in one or more toll violations and the issuance of a notice of non-payment and/or citation. You may use the NTTA's secured website at www.NTTA.org to change or update your account information. Your authorized and password protected use of the internet for such transactions shall be deemed consent to modify your information within the NTTA record system, and in the case of a change in credit card information, authorization for the NTTA to charge periodically that credit card for the amounts necessary to satisfy your obligations under this agreement. In order to protect the privacy of your information to the extent allowed or required by law, the NTTA will require that you provide verifying information to access your account. The NTTA reserves the right to deny any changes in the status of your account if the requested verifying information is not provided. If you have listed on your account a vehicle(s) that is registered to another person, that person will be considered an authorized user and may gain access to account information that pertains to that user's vehicle. The NTTA may use such services or resources that are or may become available to verify and update your account information as necessary, including but not limited to your address, vehicle registration and method of and authorization for payment. Nonetheless, you remain and will remain responsible for providing accurate information to the NTTA regarding your account and for updating your account information when it changes. **Itemized Statements.** An itemized statement showing the transactions affecting your account may be obtained via the NTTA website or by mail. Such information may be obtained for free when accessing your password protected information via the NTTA website. At your request and for an associated fee, however, the NTTA will mail you a monthly statement regarding your account transactions during the preceding month. **Lost, Stolen, Damaged or Defective Tag.** If your tag is lost or stolen, you must notify the NTTA immediately so we may deactivate the tag. Until you notify us that the tag is lost or stolen, we may continue to deduct from the account fees incurred through the use of the tag, and we may continue to charge your credit card as provided in "Your Account" above. We will issue you a new tag and deduct \$25 from your account for each lost or stolen tag, as well as for each tag damaged from abuse or improper use. If a tag that is defective for reasons other than abuse or improper use is returned to the NTTA, the NTTA will replace it at no charge. **Termination of License.** The NTTA may terminate your tag license at any time, and you must surrender your tag to us immediately upon request. You may terminate your license at any time by returning the tag to us either in person or by mail to our TollTag Store or Customer Service Center. If a tag is not returned in good condition, we will deduct \$25 from your account or cash user deposit. Any unused account funds and cash user deposit will be returned to you. The tag is NTTA property, and you must return it to us if we so request. **Inquiries.** If you have any questions about this agreement or the tag, please contact us at the NTTA Customer Service Center at 5900 West Plano Parkway, Plano, TX 75093, or P.O. Box 260928, Plano, TX 75026-0928. You may call us at 972.818.6882 (NTTA). **Multiple Tags.** If you register more than one tag on a single account, the account, cash user deposit, replenishment balance and other charges will be increased incrementally in accordance with the rate schedule in effect at the time that the addition is made. **Interoperability.** In the event that you use your tag to access a facility that is authorized and interoperable with the NTTA, information about your account will be shared with and transferred between the authorized entity and the NTTA for purposes of billing and collecting the proper tolls and fees. Use of your tag on the facilities of another entity shall subject you to the rules and regulations of that entity. In addition, the entity, at its sole discretion, may refuse to accept your tag as a method of payment. A credit card account may be required for transactions on non-NTTA facilities. Certain transactions will be charged directly and immediately to your credit card, which means it will not be deducted from your pre-paid account. **General Provisions.** The NTTA is not liable for the performance of the tag. You agree to indemnify the NTTA against all damage, loss, cost, expense or liability that relates to the misuse or unauthorized use of your tag. You agree to hold harmless the NTTA against all damage, loss, cost, expense or liability that in any way relates to the use or the performance of the tag. **WE HAVE NOT MADE, AND WE EXPRESSLY DISCLAIM, ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, RELATING TO THE TAG (INCLUDING, WITHOUT LIMITATION, ANY IMPLIED OR EXPRESS WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE OR CONFORMITY TO MODELS OR SAMPLES).** The NTTA may change the terms of this license at any time by either sending notice of the amendment to you at the email address you provide or by posting notice of the amendment on NTTA's website. New terms will be in effect upon your use of your tag anytime after 60 days after the notice is emailed or posted on the NTTA website. You are responsible for maintaining a current email address with the NTTA and for keeping yourself apprised of any notices posted on the NTTA website. **If your account is ever insufficient to pay amounts you owe to the NTTA, you will remain liable for those amounts and responsible for any reasonable costs, including attorney's fees, incurred by the NTTA to collect those amounts due. In addition, you may be subject to civil and criminal penalties. You will be responsible for a returned check fee on any check returned by your bank.** This agreement binds and benefits you and the NTTA and its successors and assigns. You cannot assign your rights or obligations under this agreement. This agreement shall be governed by the laws of the state of Texas. If any part of this agreement is invalid, all other parts shall remain in full force and effect.
