

Permit No: _____

FIRE DEPARTMENT SYSTEM PERMIT APPLICATION

Thank you for submitting plans for the installation or modification of a required fire protection or detection system. Typical review of system plans will be completed within 5 days of your submittal. DO NOT call or e-mail to check on the status of this review. An e-mail will be sent upon review with approval or denial. A Legible e-mail address should be placed on the application for this reason. Monitor any SPAM and e-mail filters.

The permit process consists of four steps:

- 1) **SUBMITTAL OF PLANS.** All plans are submitted in PDF format to the Etrakit System along with a copy of this application, a valid Texas State Fire Marshals License, and calculations etc., must be submitted.
- 2) **PAYMENT OF PERMIT FEE.** Permit fees are established by City Council. Fees will be calculated by staff once the permit application has been submitted. You will be notified by email to pay the fees via the Etrakit web portal, prior to plan review.
- 3) **ISSUANCE OF PERMIT.** Upon review and acceptance of the submitted plans, you will be emailed the permit. A copy of the approved plans are to be onsite while work is being done and until all inspections and final acceptance of the system. The Fire Marshal does not stamp or sign plans. Your permit is your approval.
- 4) **SYSTEM ACCEPTANCE.** Upon completion of the permitted work, you must call the Fire Marshal to schedule an inspection, 817.503.1411. Please allow at least 24 hours notice for this inspection. For Commercial projects, upon acceptance of this system, the owner, occupant, or contractor may schedule a Certificate of Occupancy inspection. Storage or Occupancy of the building is not allowed until the Certificate of Occupancy is issued.

- NEW INSTALLATION OF AN AUTOMATIC FIRE SPRINKLER SYSTEM
 MODIFICATION OF AN EXISTING AUTOMATIC FIRE SPRINKLER SYSTEM
 NEW INSTALLATION OF A FIRE ALARM SYSTEM
 MODIFICATION OF AN EXISTING FIRE ALARM SYSTEM
 INSTALLATION OF A SECURITY OR EMERGENCY ACCESS GATE
