

Colleyville Business Center

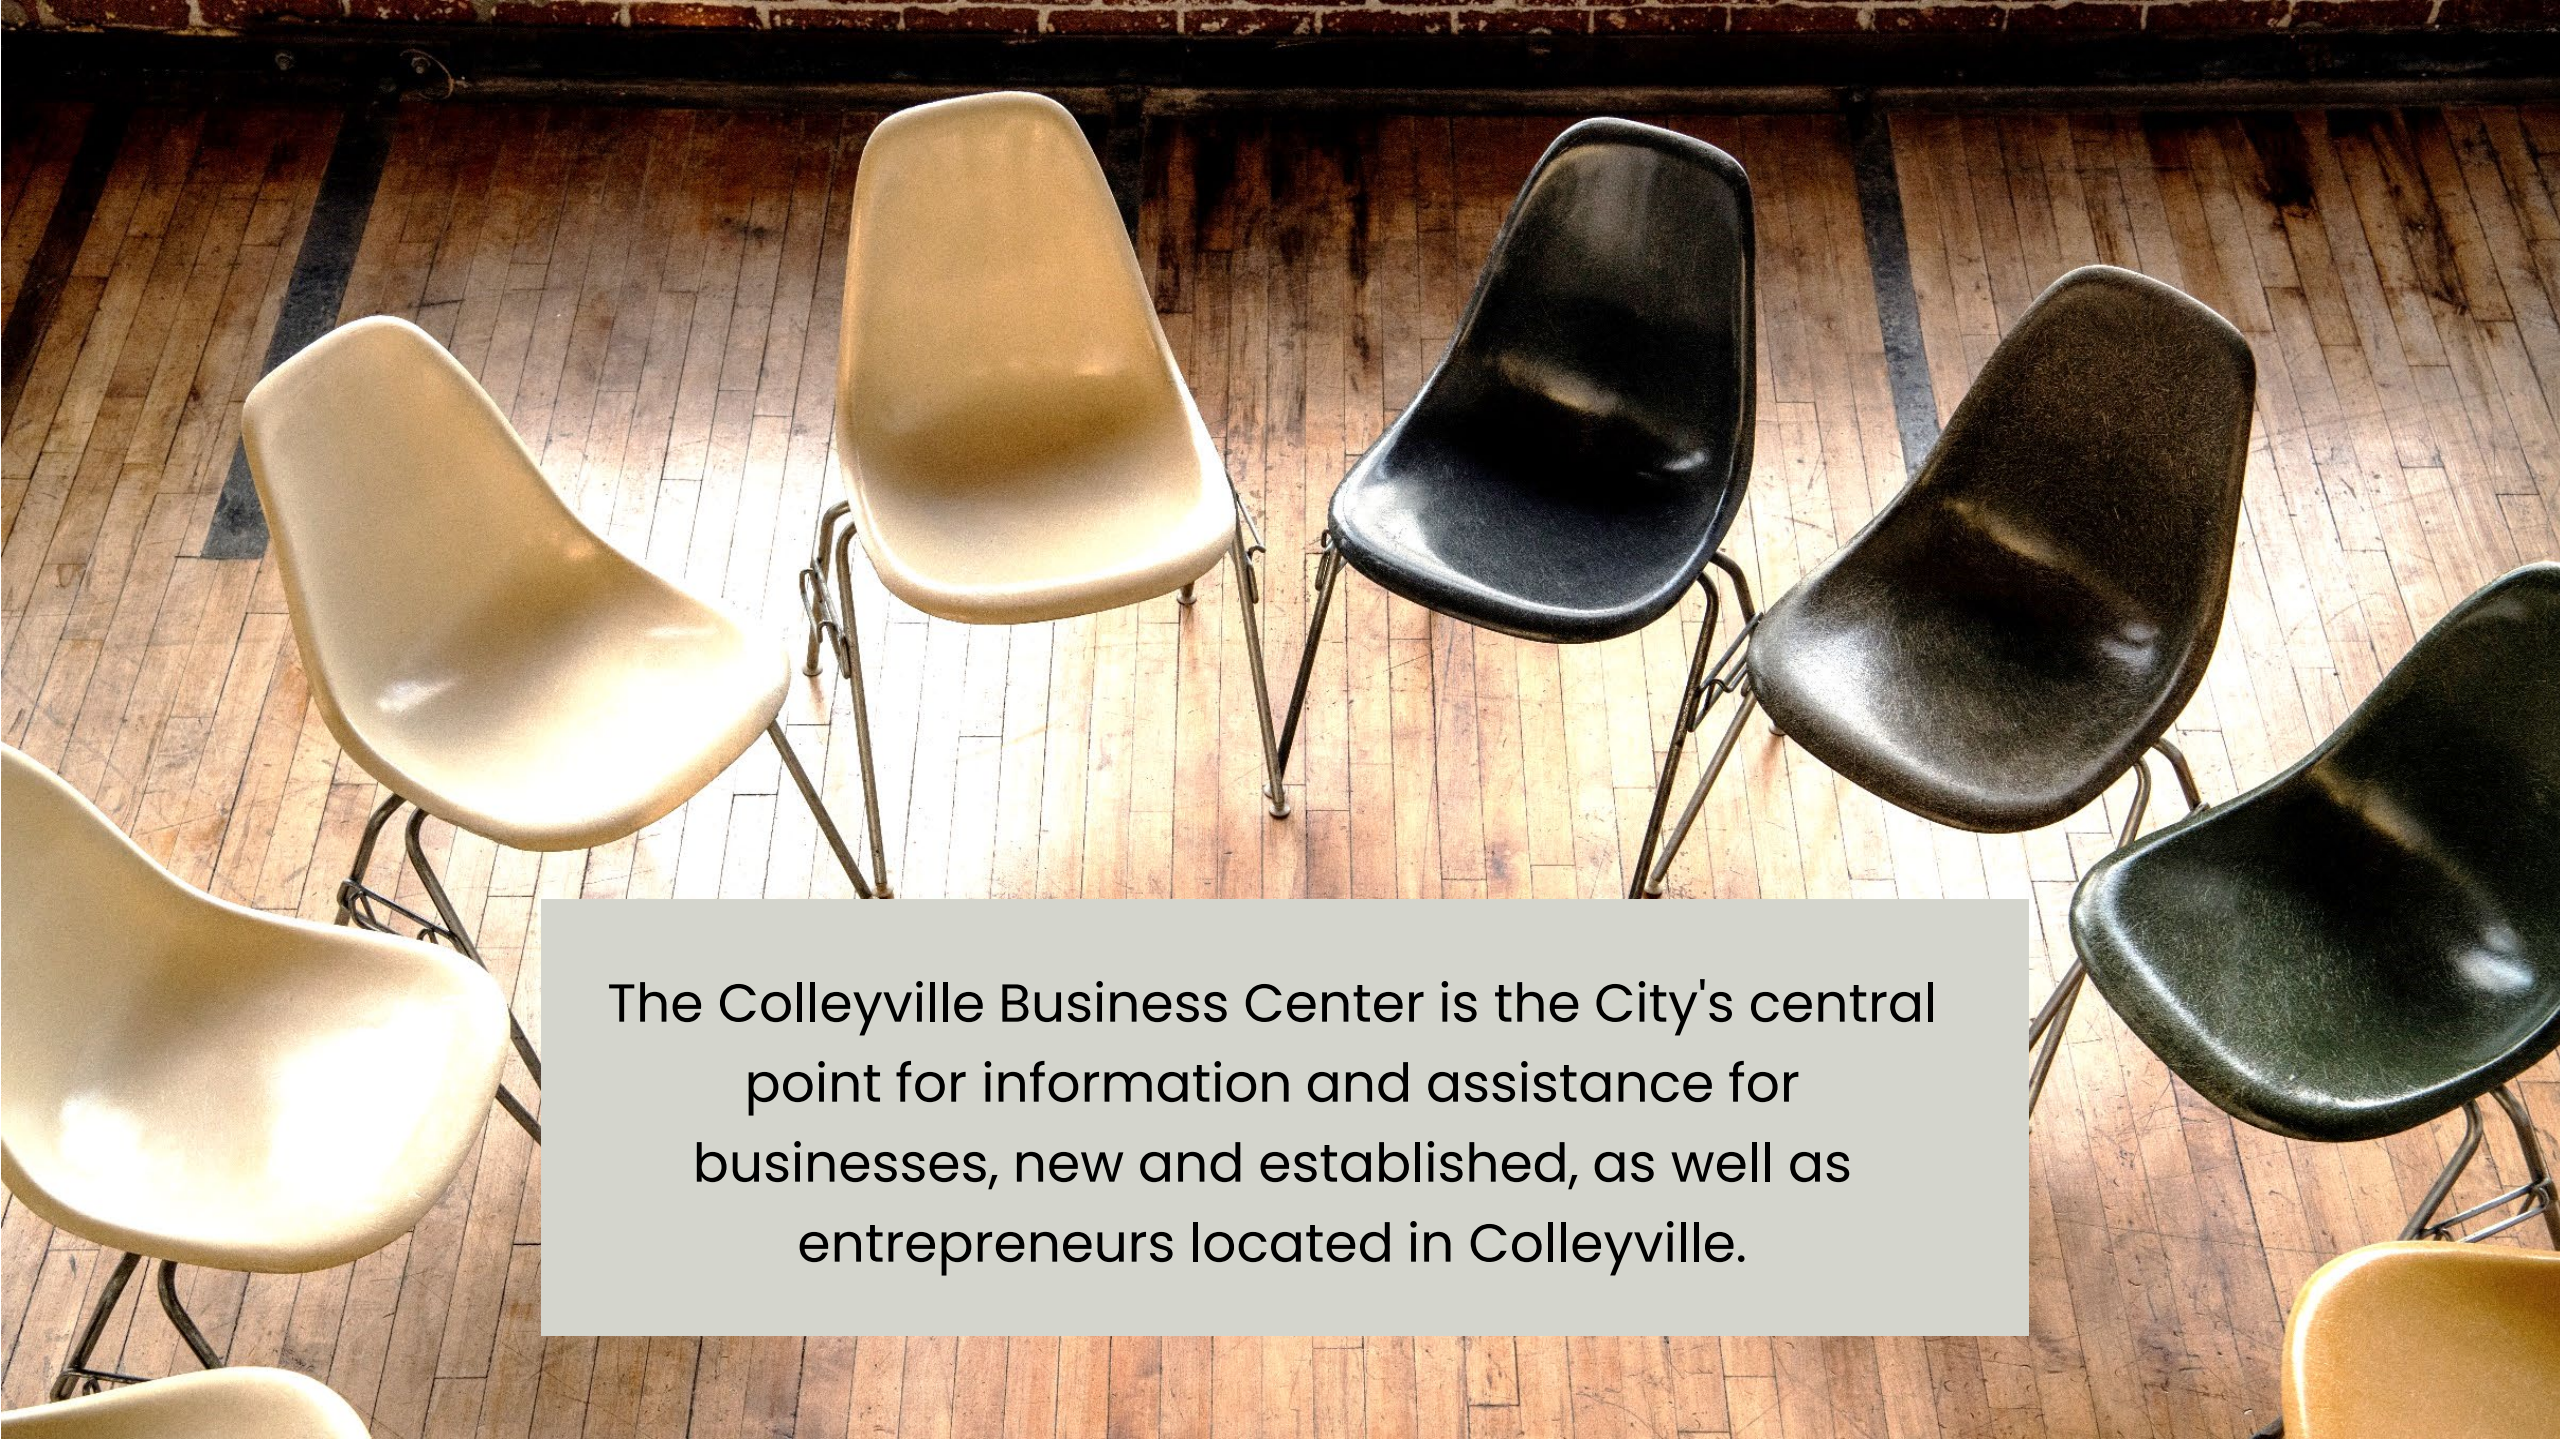

Growing Business Locally

ABOUT

To better facilitate economic development within Colleyville, the City has established the Colleyville Business Center (CBC) at 5601 Colleyville Blvd.

The City of Colleyville recognizes the important role economic development plays in diversifying the property tax base. A healthy commercial tax base is essential in maintaining balance to fund public services and education.

A photograph showing a row of five modern, minimalist chairs on a wooden floor. The chairs are arranged in a slightly curved line. From left to right, the first three chairs are white, the fourth is black, and the fifth is dark green. The chairs have a sleek, curved design and are supported by thin metal legs. The floor is made of light-colored wood planks with dark metal strips between the rows. The lighting is bright, casting soft shadows on the floor.

The Colleyville Business Center is the City's central point for information and assistance for businesses, new and established, as well as entrepreneurs located in Colleyville.
