Mayor's Statement Regarding Racist Flyers

Colleyville, TX – In what appears to be a coordinated effort in cities across the country, anti-Semitic and other racist materials were distributed in clear sandwich bags to parts of our city overnight. I am saddened that individuals chose to bring this intolerance to Colleyville. These viewpoints do not reflect those I find in our community members. Our citizens have consistently chosen to love and support one another, no matter their religious beliefs or heritage. The City unequivocally denounces hate in any form – it has no place in our city.
